

Proclamation

CHILDHOOD CANCER AWARENESS MONTH

Whereas: more than 10,000 children are in treatment for cancer right now and one in five will not survive beyond five years; and

Whereas: cancer is the number one cause of death by disease of Canadian children; and

Whereas: continued focus and investment in national research is needed to support, enhance and extend the lives of kids with cancer; and

Whereas: Childhood Cancer Awareness Month is marked in communities across Canada every September to honour families affected by childhood cancer; and

Whereas: in Prince George, Mr. PG is lit up in gold as part of "Make Canada Gold" for the start of Childhood Cancer Awareness Month.

Now therefore, as Mayor of the City of Prince George,

I proclaim **September 2021** as:

"CHILDHOOD CANCER AWARENESS MONTH"

in the City of Prince George.

Mayor Lyn Hall
City of Prince George
