

Proclamation

TEAM RUBICON WEEK April 17 – 24, 2020

- Whereas:** Team Rubicon Canada’s primary mission is to provide disaster response services to those in need, domestically or internationally, by pairing the skills and experience of military veterans with first responders; and
- Whereas:** Team Rubicon Canada aims to provide the greatest service and impact possible while being a not for profit organization comprised of committed veteran and civilian volunteers in local communities; and
- Whereas:** through continued service, Team Rubicon Canada seeks to provide our veterans with three things they lose after leaving the military: purpose (gained through disaster relief), community (built through service with others), and self-worth (from contributing to those in need); and
- Whereas:** service above self is the driving force behind all of Team Rubicon Canada’s operational activity; and
- Whereas:** Team Rubicon Canada’s actions are characterized by the constant pursuit to prevent or alleviate human suffering and restore human dignity through helping people on their worst days; and
- Whereas:** our motto, “Disasters are our business, veterans are our passion,” represents our commitment to make a meaningful contribution to our communities.

Now therefore, as Mayor of the City of Prince George,
I proclaim that that the week of **April 17-24, 2020**
be observed as: “**Team Rubicon Week**”
in the City of Prince George.

Mayor Lyn Hall
City of Prince George
